

## INTREPID SEA, AIR & SPACE MUSEUM Pier 86, New York

This year we celebrate the 75th anniversary of USS *Intrepid's* commissioning—the ceremony that marks when a ship officially joins the naval fleet.

The commissioning is like a ship's birthday, so *Intrepid* is 75 years old!

The Intrepid Museum is dedicated to the exhibition and interpretation of history, science and service as related to its home aboard the national historic landmark, the former **U.S.S. Intrepid**. The new design will complement the existing historic and more contemporary architectural features of the decommissioned aircraft carrier's hangar deck, yet also create strong, distinctive additions that visitors will recognize as unique among historic ships such as the Intrepid.

The **Space Shuttle Pavilion** will provide guests with a look back at NASA's space program and inspire tomorrow's scientists, engineers, and mathematicians to keep dreaming.

### **Tour Package Includes:**
